DETAILED ACTION

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 07/10/2006 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Allowable Subject Matter

Claims 27-57 are allowed (and have been renumbered 1-31).

The following is a statement of reasons for the indication of allowable subject matter:

With respect to claims 27 and 43, though the prior art (such as Hell et al., *Properties of a 4Pi Confocal Fluorescence Microscope*) discloses an apparatus for adjusting two objective lenses in a 4Pi system of a scanning microscope, the device comprising: an illumination device and an optical incoupling device; and a lens moving device configured to move at least one of the objective lenses relative to the other so as to bring the respective Fourier images into coincidence, the prior art of record fails to teach or suggest the aforementioned combination further configured to image a reference object in respective pupils of the objective lenses so as to form a respective Fourier image for each of the objective lenses from a respective image of the

reference object. Optical systems must be specifically designed to provide intermediate images of the object in the pupil plane and the prior art does not provide a rationale as to why prior 4Pi systems should be modified to provide this feature.

With respect to claims 28-42 and 44-57, these claims depend on claim 27 or 43 and are allowable at least for the reasons stated supra.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The cited references disclose features similar to those claimed or disclosed by the instant application.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark Consilvio whose telephone number is (571) 272-2453. The examiner can normally be reached on Monday thru Thursday, 8:30 am to 6:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Stephone B. Allen can be reached on (571) 272-2434. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
